

RS-1GJ-(Gasket System)

- Our gasket system utilizes sliding clip technology which allows for easier, faster installation and offers a gasket seal as a weather barrier system. The gasket is available in a variety of colors and can be utilized in the 4 mm or 6 mm system.

- Engineered System.

- System serves as an air and vapor barrier system.

- Ultra Screen is pleased to partner with the following ACM sheet providers:

- Alpolic
- Alucobond

AVAILABLE TEST CRITERIA:

- ASTM 331
- ASTM E 330-2
- ASTM E 331
- ASTM 283-04
- AAMA 508-07
- AAMA 509
- NFPA 285 / UBC-26-9
- ASTM E 84
- ASTM E 162
- ASTM E 8
- ASTM D 696
- ASTM D 648
- ASTM C 518

*Tests available through select sheet providers

System Features

The RS-1GJ is our pressure equalized rainscreen system utilizing an integrated gasket into the vertical and horizontal joint. The system utilizes engineered aluminum rainscreen extrusions that are lightweight and easy to install. The system serves as a complete air and vapor barrier system.

Appearance

This system is available in 4 mm or 6 mm in a variety of colors and finishes included wood grain, natural metal finishes and many more.

Superior Components

Our ACM sheets are PVDF coated aluminum composite sheet with a carbon core. These sheets are extremely flat, corrosion resistant, and have high stability against the elements. Aluminum composite panels offer unique design flexibility and are also available in FR (fire-rated) core
